Appendix 2: District Boundary Map

Attachment 1: Certified Assessment Engineer's Report

I. MANAGEMENT DISTRICT PLAN SUMMARY

Developed by property owners, the San Pedro Historic Waterfront Property and Business Improvement District (SPHWBID or “District”) is a benefit assessment district which was established in 2007. The District has reached the end of its second five-year term and property owners now wish to renew the SPHWBID for ten (10) additional years to continue funding vital business and property related services.

Name: The name of the district is the San Pedro Historic Waterfront Business Improvement District (SPHWBID).

Location: The SPHWBID is generally bounded on the west by S Pacific Avenue (including parcels fronting the western edge of S Pacific Avenue) and on the east by the Los Angeles Harbor water line. Parcels located west of Harbor Boulevard are generally bounded to the north by W 3rd Street and to the south by portions of W 10th Street, W 9th Street, and W 8th Street, with parcels east of S Beacon Street and west of S Harbor Boulevard extending south to W 14th Street. Parcels located east of Harbor Boulevard are generally bounded to the north by the northern boundary of APN 7440-024-911 (Map ID 366) and to the south by the southern boundary of APNs 7440-037-902 (Map ID 3), 7440-039-910 (Map ID 175), 7440-041-907 (Map ID 371), and 7440-041-906 (Map ID 173).

There are three Benefit Zones in the proposed renewed District. Zone 1 includes all parcels within the District west of harbor Boulevard. Zone 2 includes all parcels east of Harbor Boulevard and roughly south of W. 3rd Street and north of W 15th Street. Zone 3 includes all parcels east of Harbor Boulevard not in Zone 2.

For a detailed description of the District boundaries and Benefit Zones, see Section II, District Boundaries.

Services: The SPHWBID will provide services to individually-assessed parcels within the District. Services will not be provided outside the District boundaries. The services which will provide special benefit to individually-assessed parcels will include:

- Visitor, Ambassador and Security services;
- Sanitation, Beautification & Capital Improvements such as monument signs, landscaping and other streetscape improvements;
- Marketing and Special Events;
- Administration and District Management.

Financing: The district’s source of financing will be special benefit assessments levied on 804 individually benefitting parcels within its boundaries. Commercially zoned parcels and parcels zoned RD4 or higher within the District will be assessed. Each individually assessed parcel will receive proportionate special benefit from District funded services. The District contains three benefit zones with assessment rates

based upon zoning and land use and services provided to each benefit zone. No bonds will be issued for any projects funded in conjunction with this District renewal. The assessment rates for each benefit zone are shown in the table below. For a detailed discussion on assessment rates and benefits supporting these rates, see Section IV – Assessment Methodology and the attached Engineer’s Report.

San Pedro Historic Waterfront Business Improvement District		
Year 1 (2017-18) Assessment Rates		
Parcel Use - Benefit Zone	Land Rate	Building Rate
	(\$/sqft/yr)	(\$/sqft/yr)
Commercially-Zoned Parcels		
Zone 1	\$0.11941648	\$0.17321581
Zone 2	\$0.05968573	\$0.08666418
Zone 3	\$0.0096118	\$0.00000
Residential Zoned (RD 4 or higher) Parcels and Uses		
Zone 1	\$0.11941648	\$0.08666418
Zone 2	\$0.05968573	\$0.04333200
Zone 3	\$0.00000000	\$0.00000000
Parcels with Active Public Right-of-Way, Residential Zoning (RD1.5 to RD3) or Agricultural Zoning (RA) in any Benefit Zone	Not Assessed	

Budget: The SPHWBID assessment budget for the first year of operation (2018) is \$1,276,159.00 with a maximum assessment rate increase of 3% per year for the District’s ten (10) years of operation. It is noted that the Assessment Engineer has determined that general benefits equate to 1% of an adjusted total District program costs of \$1,289,049.50 or \$12,890.50. General benefit costs shall be derived from non-assessment revenue sources such as grants, program income, volunteer credits, interest, memberships and other sources.

Benefits: “General Benefit” is defined as: “A benefit to properties in the area and in the surrounding community or benefit to the public in general resulting from the

improvement, activity, or service to be provided by the assessment levied”. “Special Benefit” as defined by the California State Constitution means a distinct benefit over and above general benefits conferred on real property located in the District or to the public at large.

Renewal: The SPHWBID renewal is a two-step process. First, petitions signed by District property owners representing at least 50% of the total assessment to be levied must be secured. Second, property owners will be sent a ballot to vote on the District renewal. Returned ballots in support of the District renewal must outweigh those in opposition based on the amount of assessment to be levied on returned ballot parcels.

Duration: The renewed SPHWBID will have a ten-year operational term beginning January 1, 2018 and ending December 31, 2027 (Property tax years 2017-18 to 2026-27). After ten years, the petition process, ballot process, and City Council hearing process must be repeated for the SPHWBID to be renewed again. Per State PBID Law, future renewal terms may extend up to ten years each time.

II. DISTRICT BOUNDARIES

Setting

The San Pedro Historic Waterfront Business Improvement District (SPHWBID) incorporates two dynamic centers:

- A) The revitalized pedestrian oriented Historic Downtown San Pedro teaming with unique shops, restaurants, offices, entertainment venues and mixed use newer developments, and
- B) The international based Port of Los Angeles – a hub of tourism, culture, commerce and recreation.

The SPHWBID was established in order to capture the synergy brought about by these two unique nearby destinations by joining local retail and service trade as well as attracting national and international tourists brought into the area by the cruise ship industry enhancing their shopping and dining experience. These two centers acting in tandem through cross marketing, local transit and other beneficial District funded services and programs are able to increase business activity and provide special benefits to each and every assessed parcel within the SPHWBID beyond what would be possible with each area acting alone or separate.

The SPHWBID provides a marketing, service and transit nexus between these two adjoining destinations known as “The San Pedro Historic Waterfront”. The District will deliver vital property and business related services to individually assessed parcels along this mixed-use corridor.

The SPHWBID encompasses 817 parcels of which 804 parcels are identified as specially benefitting from District programs and services and shall be assessed. The 13 non-assessed parcels are all publicly or quasi-publicly owned and are exempt from assessments for reasons discussed in Section IV – Assessment Methodology.

It is noted that Zone 3 is being expanded to include an additional 15 Los Angeles Harbor Department waterline fronting parcels. These parcels include public recreation and tourist related facilities and uses. These expansion area parcels are undergoing major revitalization with projected new building development generating additional tourist and pedestrian traffic. The expansion area parcels will specially benefit from District funded services and programs such as marketing, transit and tourist related activities.

The SPHWBID is generally bounded on the west by S Pacific Avenue (including parcels fronting the western edge of S Pacific Avenue) and on the east by the Los Angeles Harbor water line. Parcels located west of Harbor Boulevard are generally bounded to the north by W 3rd Street and to the south by portions of W 10th Street, W 9th Street, and W 8th Street, with parcels east of S Beacon Street and west of S Harbor Boulevard extending south to W 14th Street. Parcels located east of Harbor Boulevard are generally bounded to the north by the northern boundary of APN 7440-024-911 (Map ID 366) and to the south by the southern boundary of APNs 7440-037-902 (Map ID 3), 7440-039-910 (Map ID 175), 7440-041-907 (Map ID 371), and 7440-041-906 (Map ID 173).

The boundaries of the District are more particularly described as follows:

Boundary Description

Beginning at the northwest corner of APN 7451-018-027 (Map ID 534), then east along the south edge of W 3rd Street, across S Pacific Avenue, S Mesa Street, S Centre Street, and S Palos Verdes Street, to S Harbor Boulevard.

North along the eastern edge of S Harbor Boulevard to the southwest corner of APN 7440-024-911 (Map ID 366).

North along the western boundary and east along the northern boundary of APN 7440-024-911 (Map ID 366) to the Los Angeles Harbor Waterline.

South along the western edge of the Los Angeles Harbor Waterline to the southeast corner of APN 7440-037-902 (Map ID 3),

West along the southern boundary of APNs 7440-037-902 (Map ID 3) to the eastern boundary of APN 7440-039-910 (Map ID 175),

South along the eastern boundary of APN 7440-039-910 (Map ID 175) to the southern boundary of 7440-039-910 (Map ID 175),

West along the southern boundary of APNs 7440-039-910 (Map ID 175), 7440-041-907 (Map ID 371), and APN 7440-041-906 (Map ID 173) to the southwest corner of APN 7440-041-906 (Map ID 173).

North along western boundary of APNs 7440-041-906 (Map ID 173), 7440-040-907 (Map ID 539) and 7440-036-906 (Map ID 367) to the northwest corner of APN 7440-036-906 (Map ID 367) - the eastern edge of Crescent Avenue.

Northeast along eastern edge of Crescent Avenue to the intersection with the eastern edge of Harbor Boulevard - the northwest corner of APN 7440-031-905 (Map ID 179).

West across Harbor Boulevard along northern edge of W 14th Street - the southern boundary of APN 7456-012-024 (Map ID 646) to S Beacon Street.

North along the eastern edge of S Beacon Street, across W 13th Street, W 12th Street, and W 11th Street, to W 10th Street.

West along the northern edge of W 10th Street to S Palos Verdes Street.

North along the eastern edge of S Palos Verdes Street to W 9th Street.

West along the northern edge of W 9th Street to the southwest corner of APN 7455-023-021 (Map ID 637).

North along the western boundary of parcels fronting the western edge of S Palos Verdes Street to W 8th Street.

West along the northern edge of W 8th Street, across S Centre Street, to a point opposite the northeast corner of APN 7455-010-902 (Map ID 98).

South along the eastern edge and west along the southern edge of APN 7455-010-902 (Map ID 98) to the northeast corner of APN 7455-010-903 (Map ID 614) to W 9th Street.

West along the northern edge of W 9th Street, across S Mesa Street, to the southwest corner of APN 7455-007-016 (Map ID 209).

North along the western boundary of APN 7455-007-016 (Map ID 209).

West along the southern boundary of APNs 7455-007-006 (Map ID 594) and 7455-007-020 (Map ID 203) to the northeast corner of APN 7455-007-013 (Map ID 572).

South along the eastern boundary of APN 7455-007-013 (Map ID 572) to W 9th Street.

West along the northern edge of W 9th Street to a point opposite the northeast corner of APN 7455-008-024 (Map ID 422).

South along the eastern boundary of parcels fronting the eastern edge of S Pacific Avenue to W 10th Street.

West along the northeast corner of W 10th Street, across S Pacific Avenue, to the southwest corner of APN 7454-011-032 (Map ID 184).

North along the western boundary of parcels fronting the western edge of S Pacific Avenue, across W 9th Street and W 8th Street to W 7th Street.

West along the northern edge of W 7th Street to the southwest corner of APN 7451-037-012 (Map ID 7).

North along the western boundary of APN 7451-037-012 (Map ID 7), and continuing north along the western boundary of parcels fronting the western edge of S Pacific Avenue, across W 6th Street, W 5th Street, and W 4th Street, to W 3rd Street, the point of beginning

Benefit Zones

Zone 1

Zone 1 includes all parcels within the District boundaries located west of Harbor Boulevard.

Zone 2

Zone 2 includes all parcels within the District boundaries located east of Harbor Boulevard and south of the northern boundary of APN 7440-030-906 (Map ID 177) and north of the southern boundary of APNs 7440-031-904 (Map ID 6), 7440-031-806 (Map ID 2) and 7440-031-910/911 (Map ID 4 & 368).

Zone 3

Zone 3 includes all parcels within the District boundaries located east of Harbor Boulevard and north of the southern boundary of APN 7440-026-903 (Map ID 171) and south of the northern boundary of APNs 7440-031-905 (Map ID 179) and 7440-034-902 (Map ID 5).

Boundary Rationale

Northern Boundary - Zone 1: The northern boundary of the District for Zone 1 was determined by zoning and land uses where parcels located to the north of the northern District boundary for Zone 1 are primarily zoned and/or developed solely residential with residential land uses while those south of the northern boundary for Zone 1 are zoned commercial. State of California Streets and Highways Code Section 36632(c) conclusively presumes that properties zoned solely residential do not benefit from the improvements and services funded through PBID assessments, cannot be assessed and, thus, these mainly residential use neighborhoods are not included in the District. No SPHWBID services will be provided north of the northern boundary for Zone 1.

Northern Boundary - Zone 3: The northern boundary of the District for Zone 3 is the northerly terminus of the tourist oriented Waterfront related activity with parcels and uses north of this line generally industrial/shipping related and would not specially benefit from SPHWBID funded programs and services. For this reason, no parcels north of the northern boundary line are included in the District. No SPHWBID services will be provided north of the northern boundary for Zone 3.

Eastern Boundary - Zone 2 & 3: The eastern boundary of the District for Zones 2 & 3 is the Los Angeles Harbor Waterline. No SPHWBID services are provided east of the eastern District boundary.

Southern Boundary - Zone 3: The southern boundary of the District for Zone 3 is the Los Angeles Harbor Waterline. No SPHWBID services are provided south of the southern District boundary.

Southern Boundary - Zone 1: The southern boundary of the District for Zone 1 was determined by zoning and land uses where parcels located to the south of the southern District boundary for Zone 1 are generally zoned and/or developed solely residential with residential land uses while those north of the southern boundary for Zone 1 are zoned commercial. State of California Streets and Highways Code Section 36632(c) conclusively presumes that properties zoned solely residential do not benefit from the improvements and service funded through SPHWBID assessments, cannot be assessed and, thus, these mainly residential use neighborhoods are not included in the District. No SPHWBID services will be provided south of the southern boundary for Zone 1.

Western Boundary - Zone 1: The western boundary of the District for Zone 1 was determined by zoning and land uses where parcels located to the west of the western District boundary for Zone 1 are generally zoned and/or developed solely residential with residential land uses while those east of the western boundary for Zone 1 are zoned commercial. State of California Streets and Highways Code Section 36632(c) conclusively presumes that properties zoned solely residential do not benefit from the improvements and service funded through SPHWBID assessments, cannot be assessed and, thus, these mainly residential use neighborhoods are not included in the District. No SPHWBID services will be provided west of the western boundary for Zone 1.

Western Boundary - Zone 3: The western boundary of the District for Zone 3 was determined by land uses and development patterns where parcels located to the west of the western District boundary for Zone 3 are generally developed with auto oriented commercial strip retail/service centers and industrial uses and facilities. None of these land uses and development orientations are conducive to the pedestrian and tourist oriented businesses and uses located on individually assessed parcels within and marketed by the SPHWBID. For this reason, parcels west of the western boundary for Zone 3 are not included in the District. No SPHWBID services will be provided west of the western boundary for Zone 3.

A list of all parcels included in the proposed renewed SPHWBID is shown as Appendix 1, attached to this Plan with their respective Los Angeles County assessor parcel number. The boundary of the proposed renewed SPHWBID and benefit zones are shown on the map of the proposed renewed SPHWBID attached as Appendix 2 to this Plan.

All identified parcels within the above-described boundaries shall be assessed to fund supplemental special benefit programs, services and improvements as outlined in this Plan and in the Assessment Engineer's Report. All SPHWBID funded services, programs and improvements provided within the above described boundaries shall confer special benefit to identified assessed parcels inside the District boundaries and none will be provided outside of the District. Each assessed parcel within the SPHWBID will proportionately specially benefit from the District funded programs and services such as supplemental Visitor, Ambassador & Security Services, Sanitation, Beautification and Capital Improvements, Marketing and Special Events, and, Administration. These services, programs and improvements are intended to improve commerce, employment, rents and occupancy rates and investment return of individually assessed parcels and businesses on them within the SPHWBID. The SPHWBID confers special benefits on each and every individually assessed parcel by reducing crime, improving aesthetics and professionally marketing goods and services available from individually assessed parcels and the businesses on them within the District, all considered necessary

in a competitive properly managed mixed-use business district. All District funded services programs and improvements are considered supplemental, above normal base level services provided by the City of Los Angeles and are only provided for the special benefit of assessed parcels within the boundaries of the proposed renewed SPHWBID.

The general SPHWBID boundary is illustrated by the following map. The District includes 804 individually-assessed parcels within three Benefit Zones. A list of parcels within the SPHWBID is shown in the Assessment Roll included as Appendix 1 to this Plan. The list also shows each parcels Map ID # for cross referencing the detailed District Boundary Map showing parcels and benefit zones which is included as Appendix 2 to this Plan.

III. WORK PLAN AND BUDGET

A. Work Plan Overview

The individually-assessable parcel uses within the boundaries of the San Pedro Historic Waterfront Property and Business Improvement District (SPHWBID or “District”) include a mix of retail, office, entertainment, light industrial, manufacturing, entertainment, parking, residential and government facilities. Services and improvements provided by the SPHWBID are designed to confer special benefits to the individually-assessable parcels. All of the services provided, including Visitor, Ambassador and Security services; Sanitation, Beautification & Capital Improvements; Marketing and Special Events; Administration, District Management are above and beyond the baseline services provided by the City. None of these services are provided by the City. These services are uniquely tailored to meet the needs of individually-assessed parcels and land uses within the SPHWBID, and provide a particular and distinct benefit to those parcels. Each individually-assessed parcel in the District receives proportionate special benefits from the services, programs and improvements provided to its respective benefit zone and land use. No District services will be provided outside the SPHWBID boundaries.

Retail, Office, Entertainment, Light Industrial, Manufacturing and Parking Use Parcels

Assessed District parcels with retail, office, entertainment, light industrial, manufacturing and parking uses are conferred proportionate special benefits from all SPHWBID funded programs, services and improvements which are intended to attract more customers, users, visitors, employees, tenants and investors for the special benefit of each of these assessed parcels. SPHWBID programs, services and improvements for these assessed parcels are designed to increase business volumes, sales transactions, commercial occupancies, commercial rental income and return on investments. SPHWBID programs, services and improvements are designed to improve commerce, security and aesthetic appeal for each of these assessed parcels by reducing crime, litter and debris, transporting customers, visitors, tourists and employees of each of these assessed parcels and professionally marketing the array of goods and services available from each of these assessed parcels, all considered necessary in a competitive properly managed mixed-use business district.

Residential Use Parcels

Assessed District parcels with residential uses specially benefit from SPHWBID funded programs, services and improvements including the District funded shuttle, ambassador/security and sanitation services, beautification and capital improvement projects as well as marketing/special events. District services, programs and improvements are designed to improve the cleanliness, security, marketability and livability of each of these assessed parcels and residential units on them. For these assessed parcels, SPHWBID programs, services and improvements are designed to increase residential occupancies, rental income and return on investments. These programs, services and improvements are designed to improve security and aesthetic appeal for these assessed parcels by reducing crime, litter and debris and professionally marketing the availability of residential units within the SPHWBID and the array of goods, services and activities available within the District for the special benefit of these assessed parcels, all considered necessary in a competitive properly managed contemporary mixed-use business district.

Government Parcels

Assessed government owned parcels specially benefit from SPHWBID funded programs, services and improvements from cleaner and safer facilities (Zone 1) as well as the ancillary public services such as local transit (all Zones) and security ambassadors (Zone 1) which are available to Government employees, visitors, vendors and other users of these government parcels and facilities, thus providing special benefits to these assessed government parcels. Assessed government parcels and facilities including offices, service centers and recreational destinations (all Zones) will be part of special activities and events will be marketed by the SPHWBID on maps, directories, newsletters, website and social media outlets.

B. Work Plan Description

The following programs, services and improvements are proposed by the renewed SPHWBID to specially benefit each and every individually assessed parcel within the District boundaries. SPHWBID services, programs and improvements will not be provided to parcels outside the District boundary. Assessment funds generated in each benefit zone shall only be used to provide services which specially benefit individual assessed parcels within that benefit zone.

1. Visitor & Ambassador/Security Services

Visitor Program

The Visitor Program includes shuttle services with multiple shuttle stops, refurbishment and/or replacement of shuttles, visitor kiosk(s) with maps and brochures, wayfinding signage, monument signage and high technology advances to automate and enhance the various Visitor Program elements. The Visitor Program is designed to attract visitors and tourists to, and for the special benefit of, individually assessed parcels in both the Historic Downtown and the Waterfront areas of the District.

Shuttle bus service will operate on weekends as a local form of transportation to assessed parcels throughout the District, connecting assessed parcels in both the Waterfront and Historic Downtown San Pedro. The shuttle bus service supplements, not supplants other existing public transportation services that operate on a limited basis within the District.

The Visitor Program elements will be provided only to assessed parcels within the District and none outside of the District. It is noted that the Visitor Program is provided to Benefit Zones 1, 2 and 3, with seasonal shuttle bus schedule variations in Zone 3.

Assessed District parcels with retail, office, entertainment, light industrial, manufacturing and parking uses specially benefit from the Visitor Program by attracting more customers, users, visitors, employees, tenants and investors for the special benefit of each of these assessed parcels. The Visitor Program is designed to increase business volumes, sales transactions, commercial occupancies, commercial rental income and return on investments for each and every one of these

assessed parcels. The Visitor Program will also promote commercial and recreational opportunities that are provided on publicly and privately owned individually assessed parcels throughout the District boundaries. The Visitor Programs is designed to improve commerce for each of these assessed parcels by facilitating District information dissemination and transporting customers, visitors, tourists and employees to other assessed parcels within the District.

Assessed District parcels with residential uses specially benefit from the Visitor Program by attracting more tenants and investors for the special benefit of each of these assessed parcels. The Visitor Program is designed to increase residential occupancies, residential rental income and return on investments for each and every one of these assessed parcels. The Visitor Programs is designed to improve livability for each of these assessed residential parcels by facilitating District information dissemination and transporting residents and visitors to other assessed parcels within the District.

Assessed government owned parcels and facilities including offices, service centers and recreational destinations specially benefit from the Visitor Program from the District visitor information dissemination and the shuttle bus service (all Zones) which are available to Government employees, visitors, vendors and other users of these government parcels and facilities which, in turn confer special benefits for each assessed government parcel and facility.

Ambassador/Security Services

The Ambassador/Security Services uses uniformed ambassadors that provide security services to each and every assessed parcel in the District by reporting crime to LAPD and the Port Police Department. Their presence helps prevent, deter, and report illegal activities in the District. To further prevent and deter illegal activities, the Ambassador/Security Services will seek to enhance the program using technology such as the installation of security cameras and/or additional security lighting throughout the District.

The Ambassador/Security Services are provided 7 days a week and only within the District boundaries and none provided outside of the District. It is noted that Ambassador/Security Services are only provided within Benefit Zone 1 with none in Benefit Zones 2 or 3. Zones 2 and 3 are patrolled by the Port of Los Angeles Police Department.

Assessed District parcels with retail, office, entertainment, light industrial, manufacturing and parking uses specially benefit from the Ambassador/Security Services by attracting more customers, users, visitors, employees, tenants and investors for the special benefit of each of these assessed parcels. The Ambassador/Security Services are designed to improve security for each of these assessed parcels by reducing and deterring crime for the special benefit of each of these assessed parcels.

Assessed District parcels with residential uses specially benefit from the Ambassador/Security Services by attracting more tenants and investors for the special benefit of each of these assessed residential parcels. The Ambassador/Security Services are designed to improve security for each of these assessed residential parcels by reducing and deterring crime for the special benefit of each of these assessed parcels.

Assessed government owned parcels and facilities including offices, service centers and recreational destinations (Zone 1 only) specially benefit from the Ambassador/Security Services by reducing and

detering crime which provides positive effects and special benefits for government parcels and facilities.

2. Sanitation & Beautification/Capital Improvements

Sanitation

Sanitation Services include sidewalk sweeping, sidewalk pressure washing, illegal dumping pickup, graffiti removal and clean up patrols. Sidewalk sweeping and clean up patrols are provided 5 days a week in Benefit Zone 1 along with illegal dumping pickup, as needed. Sidewalk pressure washing is provided at least 4 times a year in Benefit Zone 1 and only as needed in Benefit Zones 2 and 3. Graffiti removal is provided in Benefit Zones 1, 2 and 3 based on demand.

Sanitation Services are designed to improve and maintain the appearance of each assessed parcel in the District by reducing litter and debris and other negative physical conditions based on its Benefit Zone and level of service provided.

Assessed District parcels with retail, office, entertainment, light industrial, manufacturing and parking uses specially benefit from the Sanitation Services by attracting more customers, users, visitors, employees, tenants and investors for the special benefit of each of these assessed parcels. The Sanitation Services are designed to improve the physical appearance of each of these assessed parcels by removing litter and debris and other negative physical factors for the special benefit of each of these assessed parcels.

Assessed District parcels with residential uses specially benefit from the Sanitation Services by attracting more tenants and investors for the special benefit of each of these assessed residential parcels. The Sanitation Services are designed to improve the physical appearance of each of these assessed residential parcels by removing litter and debris and other negative physical factors for the special benefit of each of these assessed parcels.

Assessed government owned parcels and facilities including offices, service centers and recreational destinations (primarily Benefit Zone 1) specially benefit from the Sanitation Services by removing litter and debris and other negative physical factors which provides positive visual effects and thus special benefits for each and every assessed government parcel and facility within the District (primarily Benefit Zone 1). It is noted that the only Sanitation Service provided in Benefit Zones 2 and 3 are occasional sidewalk pressure washing (after special events) and graffiti removal based on demand.

Beautification/Capital Improvements

Beautification/Capital Improvements includes landscape watering, tree trimming, streetscape improvements and capital improvement projects. Tree trimming includes annual palm tree trimming in Benefit Zones 1, 2 and 3 and other tree trimming, as needed, in Benefit Zone 1. Landscape watering is provided weekly in Benefit Zone 1 and, as needed, in Benefit Zones 2 and 3.

Examples of streetscape improvements include street tree “twinkle” lighting, holiday decorations, street furniture, decorative banners, and utility services.

Capital improvements are strictly based on funding availability, the District and may include projects such as monument signs, a public space area such as a community stage, a vehicle or a statement artwork piece (i.e., mosaic artwork) that would attract visitors to the District and promote commerce.

The District will continue to seek and leverage outside public agency and private funds with District assessment funds for additional landscape, streetscape and capital improvement projects throughout the District for the benefit of all individually-assessed parcels within the District. All such improvements shall provide an aesthetically improved visual to the District to further encourage employees, tenants, customers and visitors to use the District's resources.

Assessed District parcels with retail, office, entertainment, light industrial, manufacturing and parking uses specially benefit from the Beautification/Capital Improvement Projects by attracting more customers, users, visitors, employees, tenants and investors for the special benefit of each of these assessed parcels. The Beautification/Capital Improvement Projects are designed to improve the physical appearance of each of these assessed parcels by providing physical amenities adjacent to and for the special benefit of each of these assessed parcels.

Assessed District parcels with residential uses specially benefit from the Beautification/Capital Improvement Projects by attracting more tenants and investors for the special benefit of each of these assessed residential parcels. The Beautification/Capital Improvement Projects are designed to improve the physical appearance of each of these assessed residential parcels by providing physical amenities adjacent to and for the special benefit of each of these assessed parcels.

Assessed government owned parcels and facilities including offices, service centers and recreational destinations specially benefit from the Beautification/Capital Improvement Projects by providing physical amenities adjacent to and for the special benefit of each of these assessed government parcels. The Beautification/Capital Improvement Projects provides positive visual effects and thus special benefits for each and every assessed government parcel and facility within the District.

3. Marketing and Special Events

Marketing includes: website development and updates, newsletter publication, branding and marketing program development, advertising, public relations activities and special events. Marketing also includes business attraction, recruitment and retention which involves preparation of public relations and promotional materials; marketing programs and activities; market and economic analysis, forecasts, and development plans; and targeted outreach. Special events include concerts, festivals, and Los Angeles Fleet Week events. Each marketing initiative and special event is designed to build upon a positive District identity already developed by past SPHWBID marketing and promotional efforts.

Marketing programs and special events are designed to increase vehicle, pedestrian and visitor traffic to the District and, in turn, increase exposure and visibility to assessed SPHWBID parcels and their businesses and other attractions within the District. Marketing programs and activities will be staged and conducted in Benefit Zones 1, 2 and 3.

The District marketing and promotions efforts will only be provided for individually-assessed parcels within the District boundaries, and will provide a special benefit to those parcels by increasing pedestrian and automobile traffic within the District, which will increase commerce and attract and retain businesses in the District. Parcels outside of the District boundaries will not receive these services or any special benefit from these services.

Assessed District parcels with retail, office, entertainment, light industrial, manufacturing and parking uses specially benefit from Marketing and Special Events by attracting more customers, users, visitors, employees, tenants and investors for the special benefit of each of these assessed parcels. Marketing and Special Events are designed to increase exposure of each of these assessed parcels by actively promoting the goods and services and other amenities available from assessed parcels within the District and thus increasing commerce.

Assessed District parcels with residential uses specially benefit from Marketing and Special Events by attracting more tenants and investors for the special benefit of each of these assessed residential parcels. Marketing and Special Events are designed to improve the livability of each of these assessed residential parcels by staging activities and special events for the special benefit of each of these assessed parcels.

Assessed government owned parcels and facilities including offices, service centers and recreational destinations specially benefit from the Marketing and Special Events which are available to Government employees, visitors, vendors and other users of these government parcels and facilities, thus providing special benefits to these assessed government parcels. Assessed government parcels and facilities will be part of special activities and events and will be marketed by the SPHWBID on maps, directories, newsletters, website and social media outlets.

4. Administration/District Management

Included in the Administration/District Management are the costs for internal staffing, overhead, accounting, legal, bank charges, annual report and Directors and Officers and General Liability insurance and other office and operation expenses. Management and other positions that may be hired in connection with the District include an executive director, marketing manager, and Visitor Program personnel. These positions may be employees or contractors at the discretion of the owners' association board of directors. Administration/District Management also includes City fees and County collection fees, allowance for delinquent assessment payments and other variable expenses related to each program element.

Funds will only be spent for special benefit to the individually-assessed parcels in the District, on expenses within the confines of this Plan. If at the time of District expiration there are funds remaining and owners wish to renew the District, those funds could be used for the costs of District renewal.

Each zone will pay its fair share of the administrative and District management cost. The share of each zone shall be directly proportional to the amount of the District's services provided in that zone. Each land use within each Benefit Zone will receive proportionate special benefits from Administration/District Management in that this work plan element is key to the proper expenditure

of SPHWBID assessment funds and the administration of District programs and activities. This component exists only for the purposes of the SPHWBID and will only be provided for matters specially benefitting each individual assessed parcel within the SPHWBID.

In summary, all District funded services, programs and improvements described above confer special benefits to identified assessed parcels inside the District boundaries and none will be provided outside of the District. Each assessed parcel within the SPHWBID will proportionately specially benefit from the District Visitor & Ambassador/Security services; Sanitation & Beautification/Capital Improvements; Marketing and Special Events; and, Administration/District Management. These services, programs and improvements are intended to improve commerce, employment, livability, rents, occupancy rates and investment return of parcels, businesses and residences within the SPHWBID by reducing crime, litter and debris, transporting customers, employees and visitors around the District and professionally marketing goods, services and spaces available within the District, all considered necessary in a competitive properly managed contemporary mixed-use business district. A District that is dirty, unsafe, not maintained nor managed well, will deter commerce and reduce competitiveness in the marketplace. All District funded services programs and improvements are considered supplemental, above normal base level services provided by the City of Los Angeles and are only provided for the special benefit of each and every assessed parcel within the boundaries of the SPHWBID.

5. Service Levels by Zone

Service	Zone 1	Zone 2	Zone 3
1. VISITOR & AMBASSADOR/SECURITY			
Shuttle Service	Minimum Weekends	Minimum Weekends	Seasonal

Budget

1. Ten-Year Budget

The total projected budget and service plan breakdown for the District's ten-year term, assuming the maximum three-percent (3%) annual assessment rate increase is approved each year, is shown in the Table below. The actual budget in operation years 2018-2027 may vary depending upon the actual increase, if any, approved by the owner's association as well as increased assessments for new land developments. Any interest accrued and delinquent collections shall also be expended in accordance with the proportional allocations of the budget.

Category	%	Year One 2018	Year Two 2019	Year Three 2020	Year Four 2021	Year Five 2022
Visitor & Ambassador / Security	38.32%	\$489,024.13	\$503,694.85	\$518,805.70	\$534,369.87	\$550,400.97
Sanitation & Beautification / Capital Improvements	24.01%	\$306,405.78	\$315,597.95	\$325,065.89	\$334,817.86	\$344,862.40
Marketing & Special Events	20.53%	\$261,995.44	\$269,855.31	\$277,950.97	\$286,289.49	\$294,878.18
Administration	17.14%	\$218,733.65	\$225,295.66	\$232,054.53	\$239,016.17	\$246,186.65
Totals	100%	\$1,276,159.00	\$1,314,443.77	\$1,353,877.08	\$1,394,493.40	\$1,436,328.20

Category	Year Six 2023	Year Seven 2024	Year Eight 2025	Year Nine 2026	Year Ten 2027	Ten-Year Total
Visitor & Ambassador / Security	\$566,912.99	\$583,920.38	\$601,438.00	\$619,481.14	\$638,065.57	\$5,606,113.59

Sanitation & Beautification / Capital Improvements	\$355,208.27	\$365,864.52	\$376,840.46	\$388,145.67	\$399,790.04	\$3,512,598.84
Marketing & Special Events	\$303,724.52	\$312,836.26	\$322,221.35	\$331,887.99	\$341,844.63	\$3,003,484.14
Administration	\$253,572.25	\$261,179.42	\$269,014.80	\$277,085.25	\$285,397.80	\$2,507,536.19
Totals	\$1,479,418.04	\$1,523,800.58	\$1,569,514.60	\$1,616,600.04	\$1,665,098.04	\$14,629,732.76

Any funds carried over from year-to-year shall be spent within the zone and category from which they originated. Any funds carried over from the District's operation year 2017 shall only be spent on improvements and activities provided to individually-assessed parcels within the District boundary prior to the expansion/renewal; they shall not be spent on any improvements and activities provided to individually-assessed parcels in the new portion of Zone 3.

2. Benefit Zone Budgets

Assessment funds collected from each benefit zone will only be spent on services provided within that benefit zone. The table below illustrates the breakdown of budget category spending of assessment funds by zone. The total for each zone on the bottom line is the assessment amount levied in that zone. The total column on the right side of the table is the District's total budget for that category. The bottom right box is the District's total assessment budget. Assessment funds collected in each zone shall only be spent on improvements and services which specially benefit individually-assessed parcels within the respective zones.

SPHWBID Year 1 (2018) Assessment Budget By Zone

Category		Zone 1	Zone 2	Zone 3	Category Total
	%	72.5703944%	13.7709596%	13.6586460%	
Visitor & Ambassador / Security	38.32%	\$354,886.74	\$67,343.32	\$66,794.07	\$489,024.13
Sanitation & Beautification / Capital Improvements	24.01%	\$222,359.88	\$42,195.02	\$41,850.88	\$306,405.78
Marketing & Special Events	20.53%	\$190,131.13	\$36,079.28	\$35,785.03	\$261,995.44
Administration	17.14%	\$158,735.87	\$30,121.72	\$29,876.06	\$218,733.65
Zone Totals		\$926,113.62	\$175,739.34	\$174,306.04	\$1,276,159.00

3. Adjustments

It is recognized that market conditions may cause the cost of providing goods and services to fluctuate from year to year during the 10-Year term of the proposed renewed PBID. Accordingly, SPHWBID shall have the ability to re-allocate categorical expenditures by no more than ten percent (10%) of the line item budget each year; provided, however, that in no case shall funds be spent for activities or improvements provided outside of the zone from which they were collected. Such adjustments are subject to the review and approval by the Owner's Association Board and included in the Annual Planning Report that will be approved by the Los Angeles City Council pursuant to Streets and Highways Code Section 36650. Any accrued interest or delinquent payments may be expended in any budget category.

4. Special versus General Benefits

The California Constitution Article XIII D, section 4 (Proposition 218) stipulates that assessment district programs and activities confer a combination of general and special benefits to properties, but the only program benefits that can be assessed are those that provide special benefit to the assessed properties. A "general benefit" is defined as: "A benefit to properties in the area and in the surrounding community or benefit to the public in general resulting from the improvement, activity, or service to be provided by the assessment levied." A "special benefit" as defined by the California State Constitution means a distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. Special and general benefits are discussed in greater detail in the attached Engineer's Report (See Attachment 1).

The Assessment Engineer (see attached Engineer's Report) has found that the general benefits (i.e. benefits to the general public and surrounding parcels outside the District) of the proposed programs, services and improvements represent 1% of the total adjusted District costs (\$1,289,049.50) or \$12,890.50. Thus, 1% of the total SPHWBID costs will need to be funded by non-assessment revenue sources such as grants, donations, program income, volunteer credits, etc.

A breakdown of the special benefit costs (assessment revenue) plus general benefit costs per Benefit Zone per work plan element per year is shown in the following table:

10-Year Special + General Benefit Costs By Zone

SPECIAL + GENERAL BENEFIT COSTS BY CATEGORY & ZONE	Visitor & Ambassador/ Security	Sanitation & Beautification/ Capital Improvements	Marketing & Special Events	Admin/ District Management	TOTAL
<u>ZONE 1</u>

IV. ASSESSMENT METHODOLOGY

The District services, programs and improvements described in this Management District Plan will be funded through benefit assessments levied against real property in the District as well as non-assessment revenues to fund the costs associated with general benefits conferred on the public at large and surrounding parcels outside of the District boundaries. The assessment formula has been developed by the Assessment Engineer to ensure that no parcel will be assessed an amount that exceeds the cost of the proportionate special benefit that each assessed parcel derives from the programs, services and improvements to be funded by the proposed benefit assessments. The assessment rates are based on the proportionate amount of special benefit to be conferred on each individual parcel within the District boundary within three Benefit Zones.

The SPHWBID encompasses 817 parcels of which the Assessment Engineer has identified that 804 parcels will specially benefit from District services, programs and improvements and shall be assessed. The Assessment Engineer has determined that 13 parcels, all publicly or quasi publicly owned, shall be exempt from assessments for the following reasons:

- 8 parcels are owned by the Federal Government (US Post Office facility and parking – APNs 7455-025-901, 905 to 911). The Attorney General of the United States has opined that Federally owned lands are exempt from local taxation and assessments pursuant to the Supremacy Clause of the US Constitution. For this reason, no assessment shall be levied on these 8 parcels nor shall any SPHWBID funded services or improvements be directly provided for the special benefit of these Federally owned parcels. It is the opinion of the Assessment Engineer that no special District benefits will be conferred upon these exempt Federally owned parcels.
- 3 parcels owned by the City of Los Angeles Harbor Department (APNs 7440-039-911, 7440-040-907, 7440-041-906) have mixed-use zoning which includes portions zoned solely residential and/or agricultural. California Streets and Highways Code Section 36632(c) states, “Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment pursuant to this part.” Therefore, it is the opinion of the Assessment Engineer that these 3 parcels containing portions of residential and/or agricultural zoning shall be fully exempt from District assessments and no SPHWBID services, programs or improvements shall be directly provided to them nor any special benefits be conferred upon them.
- 2 parcels owned by Southern Pacific Transportation Company (APNs 7440-030-821 and 7440-031-806) are active public rights of way. These parcels do not have commercial uses, do not have pedestrian traffic, and are basically unoccupied by the public; thus, they have no need for District services and in the opinion of the Assessment Engineer, shall not be assessed nor will any special benefits be conferred upon them.

It has been determined by the Assessment Engineer (see Engineer’s Report attached to this Plan as Attachment 1) that the benefit assessment of each identified and individually assessed parcel within

the District will be based on two factors - building area and/or land area within three benefit zones. A detailed description of the services provided by the District within each benefit zone is included in Section III, Work Plan & Budget, of this Management Plan. The assessment rate differential rationale between Zone 1, 2, and 3 parcels and parcel land zoning are addressed in the attached Engineer's Report (See Attachment 1).

The assessment formula is as follows:

SPHWBID PBID ASSESSMENT FORMULA

$$\text{Assessment} = \text{Building Area Assessment} + \text{Land Area Assessment}$$

- Building Area Assessment = building area x building area rate (from chart below)
- Land Area Assessment = land area x land area rate (from chart below)

The Year 1 (2017-18) assessment rates for each assessment factor within each benefit zone are shown in the following Table:

SPHWBID		
Year 1 (2017-18) Assessment Rates		
Parcel Use - Benefit Zone	Parcel Rate	Building Rate
	(\$/sqft/yr)	(\$/sqft/yr)
Commercially-Zoned Parcels		
Zone 1	\$0.11941648	\$0.17321581
Zone 2	\$0.05968573	\$0.08666418
Zone 3	\$0.0096118	\$0.00000
Residential Zoned (RD 4 or higher) Parcels and Uses		
Zone 1	\$0.11941648	\$0.08666418
Zone 2	\$0.05968573	\$0.04333200
Zone 3	\$0.00000000	\$0.00000000
Parcels with Active Public Right-of-Way, Residential Zoning (RD1.5 to RD3) or Agricultural Zoning (RA) in any Benefit Zone	Not Assessed	

Since the SPHWBID renewal is planned for a 10-Year term, maximum assessment rates for future years (Years 2-10) must be set at the inception of the renewal. While future inflationary and other program cost increases are unknown at this point, a built in maximum increase of 3% per annum is incorporated into the projected program costs and, in turn, the resultant assessment rates for the 10-Year term of the District renewal. In addition, any annual budget surplus or deficit will be incorporated into the subsequent year's SPHWBID budget. Within the constraints of the annual adjustment, annual assessments will be set to account for surpluses or deficits carried forward. These figures are shown in the Table below. Assessment rates may not exceed those indicated below.

Assessment Special Provisions

Residential and Agricultural Parcels

California Streets and Highways Code Section 36632(c) states, “Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment pursuant to this part.” Therefore, parcels that are zoned RD1.5 to RD3 or zoned agricultural, in whole or in part, within the District boundaries will not be assessed.

Residential Condominiums

The vast majority of residential condominium parcels and units are newer “in town” residential condominiums. It is the opinion of this Assessment Engineer that these residential condominium parcels will proportionately specially benefit from District funded programs and activities, but differently than commercial parcels. The building area assessment rates for residential condominium parcels shall be assessed at the zone rates delineated in the Assessment Rate Charts on pages 26 and 27.

Multi-Family Residential Parcels

In the opinion of the Assessment Engineer, parcels with multi-unit residential uses and zoned RD4 and higher within the District, will proportionately specially benefit from PBID funded programs,

services and improvements but different than commercial zoned parcels and uses. The reason for this finding is rooted in the fact that commercial parcels and buildings provide the double benefit of directly generating income for the parcel in the form of market driven rents and, in turn, generate income to business owners as a function of retail sales areas, food and other service business space and office space to house revenue generating employees. This double benefit does not hold true for multi-unit residential use parcels. In the opinion of the Assessment Engineer, the building rates for RD4 and higher zoned residential uses are set at \$0.08666418 per square foot of building in Zone 1 and \$0.43332 in Zone 2. The land area rates for RD4 and higher zoned parcels are the same as for commercial zoned parcels. Those individually-assessed residential parcels, zoned RD4 or higher, within the District will proportionately specially benefit from all of the District's services. The assessment rate for individually-assessed residential parcels zoned RD4 or higher is commensurate with their need for services; they have a moderate amount of pedestrian traffic and thus a moderate need for services.

Right-of-Way Parcels

Parcels within the District, to the extent that they are used solely as active rights-of-way, shall not be assessed as they do not receive special benefit from the District's services. These parcels do not have a commercial use, do not have pedestrian traffic, and are basically unoccupied; thus, they have no need for District services and shall not be assessed.

Mixed-Use Parcels

Mixed-use parcels will be assessed in accordance with the following special criteria:

A. Mixed –Use Ground Floor Commercial and Upper Floor Residential Rental

1. Commercial Zoning

- a. Building area assessed at commercial building area zone rate for both commercial and residential building areas
- b. Land area assessed at commercial land area zone rate

2. R-4 (and higher) R Zoning

- a. Building area assessed at commercial building area zone rate for commercial building area and residential building area zone rate for residential building area
- b. Land area assessed at land area zone rate

B. Commercial/Office Condos

- a. Building area assessed at building area zone rate

- b. Land area assessed at land area zone rate but pro-rated for each unit based on ratio to total condominium units in the complex

C. Mixed-Use Commercial Condos and Residential Condos

- a. Building area assessed at commercial building area zone rate for commercial units and residential building area zone rate for residential units
- b. Land area assessed at commercial land area zone rate but pro-rated for each unit based on ratio to total condominium units (commercial and residential) in the complex

Changes to Zoning

If the zoning of an individual assessed parcel changes during the term of the District, the assessment calculation may be modified accordingly.

Changes to Building or Parcel Size

If the building size on a parcel changes during the term of the District, the assessment calculation may be modified accordingly. Parcels with new construction shall have their assessment adjusted upon issuance of a certificate of occupancy for the new building area. In addition, any changes in parcel size as a result of land adjustments including but not limited to lot splits, consolidations, subdivisions, street dedications, right of way setbacks shall have their assessment adjusted upon final City approval of such parcel adjustments.

Other Future Development

Other than future maximum rates and the assessment methodology delineated in this Report, per State Law (Government Code Section 53750), future assessments may increase for any given parcel if such an increase is attributable to events other than an increased rate or revised methodology, such as a change in the density, intensity, or nature of the use of land. Any change in assessment formula methodology or rates other than as stipulated in this Plan would require a new Proposition 218 ballot procedure in order to approve any such changes.

The complete Year 1 – 2017-18 assessment roll of all parcels to be assessed by this District is included in this Plan as Appendix I.

Time and Manner for Collecting Assessments

The District special assessment will appear as a separate line item on annual Property Tax bills prepared by the County of Los Angeles. Property Tax bills are generally distributed in the fall, and payment is expected by lump sum or two installments. The County of Los Angeles shall distribute funds collected to the City of Los Angeles. Then, the City of Los Angeles will disburse the funds to the District Owners' Association, pursuant to the authorization of this Plan and the Management Contract between the City and the District Owners' Association. Existing laws for enforcement and appeal of parcel taxes apply to the District assessments. If necessary, the City of Los Angeles City Clerk's Office will directly bill property owners or entities that do not appear on the tax roll.

Duration of Assessment Levy

The effective operation period of the proposed renewed SPHWBID is January 1, 2018 through December 31, 2027. It is noted that the range of property tax years for levying the proposed PBID assessments is 2017-18 through 2026-27 running from July 1 through June 30 of each property tax fiscal year. At the conclusion of this term the District may be renewed again for a maximum of 10-Years. If the District is not renewed at the end of the proposed 10-Year term, SPHWBID services will end on December 31, 2027 and assessment levying authority will end on June 30, 2027.

Assessment Notice Process

After submission of petitions from property owners who will pay 50% or more of the assessment, the City may adopt a resolution declaring its intention to renew the District. Once the resolution is adopted, a ballot and assessment notice will be sent to owners of each individually-assessed parcel within the District boundaries. The assessment notice provides the assessment amount, based upon the benefit zone, building area and land area. After at least forty-five days, the City Council will hold a public hearing on the proposed assessment, which owners can attend and make comments to the City Council. At the conclusion of the public hearing, the returned ballots will be tabulated. If a weighted majority of the returned ballots favor implementing the assessment, the City Council may adopt a resolution renewing the District. A list of individually-assessed parcels included in the District is provided in the Year 1 (2017-18) Assessment Roll included as Appendix 1 of this Plan.

V. PUBLICLY OWNED PARCELS

The State Constitution - Article 13D (Proposition 218) states that “parcels within a District that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly-owned parcels in fact receive no special benefit.”

There are 67 publicly owned parcels within the SPHWBID. Except as noted below for 11 publicly owned parcels which are declared exempt from assessments, it is the opinion of the Assessment Engineer that the other 56 publicly-owned parcels will receive proportionate special benefits from PBID services provided in each respective benefit zone.

Publicly owned parcels in Zone 1 are located in a highly trafficked commercial and mixed-use area and have a high amount of pedestrian activity. As such, these publicly owned parcels have similar needs to privately owned commercial parcels within Zone 1 and, in the opinion of the Assessment Engineer, will proportionately specially benefit from all District services, programs and improvements provided by the SPHWBID.

Assessed government owned parcels specially benefit from SPHWBID funded programs, services and improvements from cleaner and safer facilities (Zone 1) as well as the ancillary public services

such as shuttle bus service (all Zones) and security ambassadors (Zone 1) which are available to Government employees, visitors, vendors and other users of these government parcels and facilities, thus providing special benefits to these assessed government parcels. Assessed government parcels and facilities including offices, service centers and recreational destinations (all Zones) will be part of special activities and events will be marketed by the SPHWBID on maps, directories, newsletters, website and social media outlets.

In the opinion of the Assessment Engineer, there is no clear and convincing evidence that these 56 non-exempt publicly owned parcels will not proportionately specially benefit from District services, programs and improvements; therefore, each non-exempt publicly owned parcel will be assessed at the full rate for their respective zones with assessments to be based on building and/or land areas of each parcel.

The 11 publicly owned parcels declared exempt from District assessments are described as follows:

- 8 parcels are owned by the Federal Government (US Post Office facility and parking – APNs 7455-025-901, 905 to 911). The Attorney General of the United States has opined that Federally owned lands are exempt from local taxation and assessments pursuant to the Supremacy Clause of the US Constitution. For this reason, no assessment shall be levied on these 8 parcels nor shall any PBID funded services or improvements be directly provided for the special benefit of these Federally owned parcels. It is the opinion of the Assessment Engineer that no special District benefits will be conferred upon these exempt Federally owned parcels.
- 3 parcels owned by the City of Los Angeles Harbor Department (APNs 7440-039-911, 7440-040-907, 7440-041-906) have mixed-use zoning which includes portions zoned solely residential and/or agricultural. California Streets and Highways Code Section 36632(c) states, “Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment pursuant to this part.” Therefore, it is the opinion of the Assessment Engineer that these 3 parcels containing portions of residential and/or agricultural zoning shall be fully exempt from District assessments and no District services, programs or improvements shall be directly provided to them nor any special benefits be conferred upon them.

The Table below lists all publicly owned parcels within the proposed renewed SPHWBID and their Year 1 (2017-18) assessment amounts:

VI. DISTRICT GOVERNANCE

A. Owners' Association

The Owners' Association is charged with the day-to-day operations of the District. The Owners' Association shall be an independent, nonprofit corporation, contracted with the City of Los Angeles to provide the services set forth in this Plan.

B. Brown Act Compliance

The Owners Association is considered a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Owners Association board must be held in compliance with the public notice and other requirements of the Brown Act.

C. Annual Report

The Owners Association board shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650.

VII. PROPOSED RULES AND REGULATION APPLIED TO THE DISTRICT

There are no specific rules or regulations applied to this PBID

VIII. OTHER ITEMS

No bonds will be issued for any SPHWBID projects in conjunction with this renewal.

IX. PLAN AUTHOR

The author and preparer of this Plan is Ed Henning of Edward Henning & Associates

X. IMPLEMENTATION TIME TABLE

The renewed SPHWBID is expected to begin operation by January 2018. In order to meet this goal, the following procedural timeline is projected:

<u>Date</u>	<u>Action/Task</u>
Oct -Dec '16	• Develop District Management Plan
Spring '17	• Collect petitions signed by property owners
Late Spring '17	• Submit majority support petitions to City
Mid '17	• City Council adopts Resolution of Intention to renew the District
Mid '17	• City sends notice of public hearing and a ballot to property owners within District

- Mid '17
 - City Council conducts public hearing (ballots due by this date)
- Mid '17
 - Providing no majority ballot protest is filed at the hearing, Council approves Ordinance of Renewal for the District
- August '17
 - Assessment roll submitted to LA County Assessor
